

Water Leak Detection Workshop

Impacting Your Non-Revenue Water Through Leak Detection

Eligible for up to 8 contact hours.

Target Audience:

This workshop is designed for hands on supervisors, operators, technicians and managers.

Objective:

This workshop will provide critical knowledge in leak detection, impacting non-revenue water and overall water distribution system efficiency and effectiveness.

Price: \$25.00

Time: 8:00 am - 4:30 pm

Class Locations:

February 9, 2016 - Thousand Oaks

February 10, 2016 - South Gate

February 11, 2016 - Escondido

February 17, 2016 - West Sacramento

February 18, 2016 - Redding

March 29, 2016 - Coachella

March 30, 2016 - MWD Orange County

With financial support from the California Department of Water Resources

This workshop will describe the steps a water utility can take to economically reduce non-revenue water in a water distribution system. The workshop will cover the area of real losses; explain how to effectively mitigate that type of loss through leak detection programs; and describe how lowering those losses will increase a system's revenues and improve system efficiencies.

The workshop will provide an in-depth exploration of the techniques of leak detection from an in-the-field, technical perspective as well as providing knowledge and information about the specific equipment used to locate leaks. This workshop is designed for hands-on supervisors, operators, technicians and operations managers. This workshop will provide critical knowledge in leak detection, impacting non-revenue water and overall water distribution system efficiency and effectiveness.
